We'll assign duties to all new class prezs at this council meeting
Just one problem You have one more class than the year just graduated
Which means one class president is not assigned ony position That s Class 5-3's, who is absent here
But in principle each prez from Year 5 should have one position in the council
Class 5-3? That bottom class?
Yes again no one told them about the council meeting
How lame not even the worst Health Commuss-ioner
Shh! She will hear you!
So I have o proposal os the council s tutor
But I want to hear the opinion from Class 5-1 s president the current Health Commissioner first
Class 5-3
